On the 2 PM call, we will bring up the Bor local rep issue we discussed. Mathy would like to have a conversation around that.

He also wants us to outline what we discussed @ 11:30.

Probably best to set up a call in number.

Liz: are you able to join the call?

Dana & James - wanted to check in this morning to see if we can set up a call b/w you all and the BOR team to discuss details, scope of work, etc. I think some preliminary contacts were made in the region, but not sure there's been a detailed discussion yet about scope and contracting and whatnot. Let us know what availability you have, or how you'd like to proceed with those discussions.

Thanks

Liz

Mathy,

Can we set up a call for tomorrow morning to discuss potential scope of work? The Reclamation team has been assessing capacity and has some ideas, so would be useful to now get into some more detail. I have a good deal of flexibility tomorrow morning b/w 9-12 except from 10-1030, so let us know what times might work on your end.

Thanks

Mathy,

Thanks for reaching out this afternoon. I've talked briefly with Dionne Thompson, BOR's Deputy Commissioner for Intergov & External, about the question of whether BOR might be in a position to conduct an investigation. BOR senior leadership is going to discuss it further this afternoon and do a preliminary assessment of their capacity to do something like that. I imagine their might be some initial questions, so I'm making sure that you all are connected. We'll be in touch very soon.

Thanks

Liz

Mathy,

I understand you were trying to reach Mike Connor today. He is in and out of airports and on airplanes all day today, coming back from international travel. Do you want to give me a call or let me know a good number to call you? I am free b/w now and 330pm and then probably again at 415pm. 202-513-0561

Thanks

Liz
